## **Skype brings business people together**

By overcoming the barriers of cost, distance and technology, Skype helps you **do more at work**, wherever you are in the world.

You can set up and start using Skype in no time. You'll be reaching colleagues and customers for less, improving meetings with face-to-face video calls and keeping in touch with instant messaging. With Skype you'll discover more flexible ways of working together.

In our session, you will learn how to install and configure Skype™, video conference, and share files & presentations.

**FREE**

*This session is **ONLY** for NSBAR Members. If you are not a member, you may consider joining as a secondary member with NSBAR in order to attend our free membership appreciation classes.*
